Enhanced Learning Center

The Enhanced Learning Center is designed to provide assistance to all University of Arkansas students in meeting their academic goals. The center’s goal is for every University of Arkansas student who needs or wants academic assistance to participate in the programs and services of the center without hesitation or barrier. Through the E.L.C. and the Quality Writing Center, over 9,000 students took advantage of the center’s programs last year including:

- Tutoring in a variety of subjects (math, the sciences, world languages, composition and other courses taught throughout the University);
- Writing assistance through the Quality Writing Center;
- Supplemental instruction in the sciences, economics, and data analysis;
- Math, writing, study skills, and effective learning resources;
- Study areas; and
- State-of-the-art computers.

The center partners with University Housing, Mullins Library, Mechanical Engineering, Electrical Engineering, Freshman Engineering and the Multicultural Center to provide unique tutoring and other assistance to students in a variety of locations and formats. For all services or to make an appointment for tutoring, see elc.uark.edu and qwc.uark.edu. The center’s Gregson Hall location houses the E.L.C. and the Office of Academic Success including the two Learning Coaches.

The Enhanced Learning Center has two primary locations: The E.L.C., which is on the Garden Level of Gregson Hall and focuses on math, the sciences, world languages, and the social sciences; and the Quality Writing Center, which is located in 316 Kimpel Hall and focuses on both undergraduate- and graduate-level writing assistance.

Contact the E.L.C. by phone at 479-575-2885 or visit the ELC website (http://elc.uark.edu) and the QWC by phone at 479-575-6747 or visit the QWC website (http://qwc.uark.edu).
