Institute for Nanoscience and Engineering

Gregory Salamo, director NANO 104 479-575-4187

Institute for Nanoscience and Engineering website (http://nano.uark.edu/)

The Institute for Nanoscience and Engineering is based in the Nanoscale Material Science and Engineering Building, opened in 2011 with the stateof-the-art equipment and clean rooms necessary for building materials one atom at a time. The institute provides an interdisciplinary team of researchers in the fields of physics, engineering, chemistry and biology whose mission, in part, is to develop businesses in Arkansas based on nanoscience and engineering.
