## Post-Master's Certificate Offered:

Advanced School-Based Speech-Language Pathology (ASLPMC)

**Program Description:** The post master's Advanced School-Based Speech-Language Pathology Certificate is an online 15-hour graduate program targeting school-based speech-language pathologists who seek to build their content expertise and improve their career mobility. The overall goal of this program is to improve the preparation of school-based speech-language pathologists that will correspondingly improve the quality of speech therapy service provision in educational settings.

**Admission Requirements:** The program is designed for individuals with a master's degree in speech-language pathology or related field in communication disorders from a program accredited by the American Speech-Language-Hearing Association (ASHA).
