Students must complete the State Minimum Core requirements as outlined in the Catalog of Studies. The courses that meet the state minimum core also fulfill many of the university’s General Education requirements, although there are additional considerations to satisfy the general education learning outcomes. Students are encouraged to consult with their academic adviser when making course selections.

1 Course requires C or better for degree award.

2 If a student earns a "D", "F", or "W" in this course, the course must be repeated. The course must be passed on the second attempt (i.e., "A", "B", or "C"). If a student earns a "D", "F", or "W" in a second attempt, the student will be unable to obtain their degree in Public Health.
