Conditional admission will be determined by the Eleanor Mann School of Nursing's faculty. To be eligible to apply, students must have a cumulative GPA of 3.0 or more.

The holistic admission process for the professional program of study is as follows:

1. Application to the Eleanor Mann School of Nursing completed. Please refer to current dates for the application window that can be located on our website. Please note that students need to apply almost a full year in advance of when they plan to start.
2. Students transferring from another nursing program must provide a letter from the nursing program indicating that they are eligible to return and are in good standing to be considered for admission.
3. Final transcripts will need to be submitted for any non-University of Arkansas coursework by the end of the application semester. (Official dates on website)
4. Upon review of these transcripts, Nursing School faculty will review the following:

**Primary Academic Factors (50% of total score)**

1. U of A Cumulative GPA (for current U of A students) or Transfer Cumulative GPA (for transfer students) of 3.0 or more (GPA X 7) = up to 28 points
2. Completion of 4 required science courses (see below) with at least a C grade in each. Points will be awarded as follows: 4 points for each course taken at the UA, and 4 points for first attempt Bs = up to 32 points
   - CHEM 1073 & CHEM 1071L = Fundamentals of Chemistry (ACTS Equivalency = CHEM 1214 Lab) and Fundamentals of Chemistry Laboratory (ACTS Equivalency = CHEM 1214 Lab)
   - BIOL 2013 & BIOL 2011L = General Microbiology (ACTS Equivalency = BIOL 2004 Lab) and General Microbiology Laboratory (ACTS Equivalency = BIOL 2004 Lab)
   - BIOL 2213 & BIOL 2211L = Human Physiology (ACTS Equivalency = BIOL 2414 Lecture) and Human Physiology Laboratory (ACTS Equivalency = BIOL 2414 Lab)
   - BIOL 2443 & BIOL 2441L = Human Anatomy (ACTS Equivalency = BIOL 2404 Lecture) and Human Anatomy Laboratory (ACTS Equivalency = BIOL 2404 Lab)

3. Admitted Honors Program students with 18 or more honors credit hours and a 3.75 GPA = 5 points
4. Successful completion of required* nursing prerequisite courses
   - 20 points for 75% completion of the required* nursing prerequisite courses at UA excluding electives
   - 10 points for 50% required* nursing prerequisite courses at UA excluding electives
   - 25 points for previous Bachelor's degree
   - 30 points for previous Master's degree (points awarded for highest degree)
     - a. *Required nursing prerequisite courses include: English 6 credits, Mathematics/Statistics 6 credits, Sciences 16 credits, Fine Arts/Humanities 6 credits, U.S. History 3 credits, Social Sciences 9 credits, Pre-Nursing 6 credits.
Non-academic Factors (50% of total score)

- Completion of the CASPER Tool (Computer-Based Assessment for Sampling Personal Characteristics):
  - Collaboration
  - Communication
  - Empathy
  - Ethics
  - Motivation
  - Problem solving
  - Professionalism
  - Resilience
  - Self-awareness

- The student will be responsible for the testing and distribution fee. Full instructions on how to access this test can be found on the School of Nursing website.

Candidates are ranked in order of total score. The cohort will be selected by rank with the top tier (exact number to be admitted is to be determined by the department each term) invited for conditional admission to the program.

Students who are conditionally accepted into the nursing program must maintain a C or higher in all coursework.

PNURS Requirements for Pre-Licensure Bachelor of Science in Nursing:

University Core (State Minimum Core)

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Name</th>

1 Denotes required nursing pre-requisite courses.
2 BIOL 1543/BIOl 1541L is a prerequisite for BIOL 2013/BIOl 2011L and BIOL 2443/BIOl 2441L and may be used as part of the elective hours.

Full Admission to the Pre-Licensure B.S.N. Program (NURSBS-PLRN)

Full admission to the Eleanor Mann School of Nursing is contingent upon meeting all the conditional requirements and successfully meeting the following requirements:

1. All prerequisite coursework for a fall admission into the Professional Program of Study in Nursing must be completed by the end of the spring semester. All coursework for spring admission must be completed by the end of the fall semester prior to entering the Professional Program of Study in Nursing.
2. Maintain at least a C or higher in all coursework.
3. Provide proof of all required clinical paperwork as requested by the school of nursing. Please note that a criminal background check and regular drug screens are required. (The most current clinical requirements can be located in the student handbook.)

Requirements for the Bachelor of Science in Nursing Pre-Licensure Option (NURSBS-PLRN)

Completion of all PNURS requirements 61

1. For students entering the University of Arkansas as freshmen, credits transferred in from high school dual enrollment or AP/IB credit will be counted in the required nursing prerequisite courses at the UA.
Didactic/Professional Role Implementation Courses

1. A student who needs to repeat a course in which they were unsuccessful must submit a petition to the Student Affairs Committee in nursing and are encouraged to do so as soon as they are aware of the need to repeat a course. An academic success plan will be implemented upon approval as outlined by this committee.

2. Students will be readmitted on a space-available basis according to the following priority system:

**Priority Groups for Placement in Required Clinical Courses**

a. First Priority – Continuing full-time students in good academic standing.

b. Second Priority – Continuing part-time students in good academic standing.

c. Third Priority – Students repeating a course due to an academic or clinical failure or were administratively withdrawn with a “W” for failing the medication calculation test who were unable to repeat a course for one or more semesters.

d. Fourth Priority – Students repeating a course due to an academic or clinical failure or were administratively withdrawn with a “W” for failing the medication calculation test who were in the preceding semester.

3. Spaces in clinical courses are limited and tightly controlled by accreditation, the Arkansas State Board of Nursing, and clinical agency policies. Enrollment in Didactic courses is limited to space available. A student re-enrolling in a Professional Role Implementation Course (whether due to illness, course failure, or other reasons) will not be assured a clinical placement space in subsequent courses.

4. NOTE: Readmission will not be considered for any student dismissed from the School of Nursing who obtained a “D” or “F” in one nursing course and was unable to make a “C” or better upon repeating this course. Also, a student dismissed from a Professional Role Implementation Course due to safety, ethical, or dishonesty issues will be administratively withdrawn from a course, and may be subject to administrative withdrawal from the School of Nursing following a full review. Readmission is not guaranteed to these students.

5. Students should note that any violation of the Eleanor Mann School of Nursing policies or Code of Ethics can result in course failure and/or dismissal from the program without prior warnings (see Student Handbook).

**Readmission Policies**

Any student whose enrollment in the professional program of study has been interrupted may seek readmission following the steps below:

1. Seek readmission into the University of Arkansas (if applicable).

2. Complete Readmission Application to the School of Nursing during the application periods. (Readmission is limited by space availability).

3. Readmission will not be considered for any student dismissed from the School of Nursing who obtained a “D” or “F” in one nursing course and was unable to make a “C” or better upon repeating this course or who was dismissed from a Professional Role Implementation Course due to safety, ethical, or dishonesty issues. Exceptions to this policy study, the school of nursing should be notified immediately and the student will become ineligible for clinical courses pending the outcome of an investigation and/or judicial process.

### Progression, Withdrawal, and Dismissal

1. For progression in the nursing program, only grades of "C" or above will be accepted. Students who make less than a "C" may not progress into courses for which that course is a prerequisite until the course is repeated and the required minimum grade attained. Note that the Eleanor Mann School of Nursing uses the following grading scale and exam policy:

   a. Grading Scale: A = 92 –100% B = 83 – 91% C = 75 – 82% D = 62 – 74% F = below 62%

   b. Exam Policy: A 75% average on class exams is necessary to pass the course. Once this criterion is met, other course grades will be factored into the final grade.

2. If a student earns a “D”, “F”, or “W” in a course, the course may be repeated once. The course must be passed on the second attempt. If a student earns a second “D”, “F”, or “W” in any course, the student will be dismissed from the program and will not be eligible for re-admission.

3. Students who do not pass the Dosage Calculation Exam per handbook policy, will be administratively withdrawn from the clinical course and associated co-requisite courses. This may lead to a delay in graduation and/or dismissal from the program. See handbook (https://nursing.uark.edu/) for details.

4. A positive background check may impede or halt the student’s progression in the program and may impact clinical placement and eligibility for licensure. If a student is arrested during their program of study, the school of nursing should be notified immediately and the student will become ineligible for clinical courses pending the outcome of an investigation and/or judicial process.
will be considered by the Student Affairs Committee in nursing on an individual basis.

**Exit Policies**

1. Students must complete the requirements for the degree within five years of enrolling in the first upper-division nursing course. If the student does not complete the Professional Program of Study within the five-year limit, nursing credits must be reevaluated.
2. All University of Arkansas requirements must be met.

In addition to the program requirements, students must meet the university and college graduation requirements. This curriculum is subject to change to comply with national accreditation and the Arkansas State Board of Nursing Standards.

**Bachelor of Science in Nursing Pre-Licensure Option (NURSBS-PLRN)**

Because this program requires admission to progress, it does not qualify for the university’s Eight-Semester Degree Program; however, students who qualify to finish a degree in four years can follow the suggested order of classes below.

### First Year

Year Total: 14

Total Units in Sequence: 120

1. BIOL 1543/BIOL 1541 suggested due to prerequisite required for BIOL 2443/BIOL 2441L and BIOL 2013/BIOL 2011L.
2. Students must complete the State Minimum Core requirements (https://sam03.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsnextcatalog.uark.edu%2Fundergraduatedecatalog%2Fgeneral%2Fstateminimum%2F&data=0%7C01%7Cagriffin%40uark.edu%7Ce4e6324159b94eda9bf08fd75c20b91%7C79c74204e61c4fa5be89a3cb566a80d1%7C0%7C0%7C7C6372498086069611524&sdata=4bJ2Oob83N8KfTkGD%7Ce4e6324159b94eda9bf08fd75c20b91%7C79c74204e61c4fa5be89a3cb566a80d1%7C0%7C0%7C7C6372498086069611524&reserved=0)

R.N. to B.S.N. Option (NURSBS-RNBN) Program Admission Policies

**Step One**
Complete the university admission application and associated requirements. Current practicing Registered Nurse (R.N.) applicants will select R.N. to B.S.N. program for their program of study.

**Step Two**
Upon receipt of all required application material, the university determines applicant qualification for general university admission. If general admission is granted, the application then goes to the nursing department to determine program admission eligibility. Admission criteria verified by the nursing department includes:

- Completion of an accredited/state board approved R.N. program.
- R.N. licensure status in Arkansas and/or any other state that has approved the program. Not all state boards of nursing will accept outside of state education. See program website for the current list of allowed states. The nursing license must be active and unencumbered. Students admitted to the program will be required to maintain this active, unencumbered status for the duration of their enrollment in the program.
- The applicant's R.N. employment status including the following:
  - R.N.s with 12-months or greater since nursing program completion:
    - Documentation from current and/or recent employer(s) where applicant is hired as an R.N. including institution or organization name, address, supervisor contact information, area or unit of service, position title, and employment status (e.g. full-time, part-time, per diem). Applicants should include documentation of one of the following:
      - Employer verification of 1,000-R.N. practice-hours completed within 12-24 months of beginning the program.
      - Completion of a state board of nursing approved R.N.-refresher courses within 12-24 months of beginning the program.
- Nursing students enrolled in the final semester of an accredited nursing program may apply and be eligible for conditional program admission upon successful completion of their current nursing program. Students in this category will be required to submit the following:
  - Verification of good standing provided from the director or dean of the respective nursing program from which the applicant is transferring (form provided in University application).
  - Final transcripts (official) to the university and a copy (can be unofficial) to the nursing department upon completion of current nursing education program.
  - Date of NCLEX exam once scheduled and testing outcome resulting in licensure. In addition, students may enroll in a maximum of 6 credit hours of course work within the R.N. program until G.N.E. licensure program completion does not exceed one academic semester or 6 months following Pre-R.N. licensure program completion.

**Step Three**
Once admitted an academic advisor will evaluate the general education requirements (state minimum core (http://catalog.uark.edu/undergraduatedecatalog/gened/stateminimum/) and nursing program prerequisites). Students must complete all program prerequisites before beginning the nursing program courses or in the first term of admission. The academic advisor will assist each student in developing an individualized course progression plan to meet the requirements of the program.

**Additional Program Information**

- Professional nursing courses for R.N. to B.S.N. students are delivered online through University of Arkansas Global Campus.
- Students will be required to identify a qualified mentor (B.S.N. level or higher) for the NURS 4092 practicum course involving 75 clinical hours.
• Students admitted to the program may request up to 3 credit hours of previously completed B.S.N.-level course credit in substitution for a core R.N. to B.S.N. program of study course. The nursing faculty evaluate core R.N. to B.S.N. course substitution petitions for eligibility. Only courses taken within the last five years will be eligible for review.

Program Outline
Credit for courses listed below will be held in escrow. The student will receive credit for these courses upon successful completion of the program.

NURS 2032 Therapeutic and Interprofessional Communication 2
NURS 3313 Pharmacology in Nursing 3
NURS 3422 Nursing Concepts: Foundations of Professional Practice and Professional Role Implementation I: Caregiver 6
& NURS 3424
NURS 3634 Nursing Concepts: Adult Health and Illness I and Professional Role Implementation II: Caregiver 8
& NURS 3644
NURS 3742 Nursing Concepts: Mental Health and Illness and Professional Role Implementation III: Caregiver 4
& NURS 3752
NURS 4154 Nursing Concepts: Children and Family and Professional Role Implementation IV: Teacher 8
& NURS 4164
NURS 4262 Nursing Concepts: Adult Health and Illness II 2
& NURS 4264
NURS 4442 Nursing Concepts: Critical Care and Professional Role Implementation VI: Role Synthesis 4
& NURS 4452

Total Hours 37

Requirements for Bachelor of Science in Nursing R.N. to B.S.N. Option
State Minimum Core (35 hours)

English 1
Choose two courses:
ENGL 1013 Composition I (ACTS Equivalency = ENGL 1013) 6
ENGL 1023 Composition II (ACTS Equivalency = ENGL 1023)
ENGL 1033 Technical Composition II (ACTS Equivalency = ENGL 1023)

NURS 3634 Nursing Concepts: Adult Health and Illness I 4
NURS 3644 Professional Role Implementation II: Caregiver 4
NURS 3742 Nursing Concepts: Mental Health and Illness 2
NURS 3752 Professional Role Implementation III: Caregiver 2
NURS 4154 Professional Role Implementation IV: Teacher 4
NURS 4164 Nursing Concepts: Children and Family 4
NURS 4262 Professional Role Implementation V: Role Practice 2
NURS 4264 Nursing Concepts: Adult Health and Illness II 2
NURS 4442 Professional Role Implementation VI: Role Synthesis 2
NURS 4452 2

Total Hours 37

1. Denotes required nursing pre-requisite courses.

The minimum number of hours required to receive a baccalaureate degree at the University of Arkansas is 120 semester hours. The Nursing major is exempt from the eight-semester degree plan since the program is admissions-based.

Progression, Withdrawal, and Dismissal for R.N. to B.S.N. program (NURSBS-RNBN)

1. For progression in the nursing program, only grades of "C" or above will be accepted. Note that the Eleanor Mann School of Nursing uses the following grading scale and exam policy:
Grading Scale:
- **Course Failure** = 92-100%
- If a student withdraws from a course, the course may be repeated.

**Exam Policy:** A 75% average on class exams is necessary to pass the course. Once this criterion is met, other course grades will be factored into the final grade.

2. **Course Failure**
   a. If a student earns a "D" or "F" in a course, the course may be repeated once. Students who make less than a "C" may not progress into courses that require a prerequisite until the course is repeated and the required minimum grade attained. The course must be passed on the second attempt. If a student earns a "D," "F," or withdraws from the second attempt, this results in dismissal from the nursing program.
   b. If a student earns a "D" or "F" in a second course, the student will be dismissed from the program and will not be eligible for re-admission.

3. **Course Withdrawal**
   a. If a student withdraws from a course, the course may be repeated. No more than two withdrawals from the same course will be allowed. If not passed on the third attempt, the student will be dismissed from the program.

4. **Students must maintain an active, unencumbered licenses to practice.** If at any point in the duration of the program, the student's nursing license becomes encumbered or inactive the student must notify the school of nursing immediately and will be dismissed from the program.

5. **Students admitted prior to taking their NCLEX RN exam must report successful licensure within 6 months of program start.** If unsuccessful on NCLEX RN exam, the student will not be permitted to enroll in subsequent semesters until licensed.

6. **Students should note that any violation of the Eleanor Mann School of Nursing policies or code of ethics can result in course failure and/or dismissal from the program without prior warnings (see student handbook).**
   a. Three performance improvement plans are evidence of a pattern of behavior that contradicts our policies and code of ethics. A student with three performance improvement plans will meet with program administration and will be subject to dismissal.

7. A student dismissed from the school of nursing will be asked to self-withdraw from all courses or will be subject to administrative withdrawal.

**Repeating Didactic/Clinical Practicum Courses (NURSBS-RNBN)**

1. A student who needs to repeat a course in which they were unsuccessful must make a petition to the Student Affairs Committee in nursing and are encouraged to do so as soon as they are aware of the need to repeat a course. An academic success plan will be implemented upon approval as outlined by this committee.

2. Students that withdraw or are unsuccessful will be reenrolled on a space-available basis according to the following priority system:
   - **Priority Groups for Placement in Required Courses**
     a. **First Priority** – Continuing students in good academic standing ranked by admission cohort.
     b. **Second Priority** – Students repeating a course due to withdrawal or failure.

3. Spaces in clinical practicum courses are limited and tightly controlled by accreditation, the State Boards of Nursing, and clinical agency policies. Space in Didactic courses are limited to space available. A student re-enrolling in a Clinical Practicum Course (whether due to illness, course failure, or other reasons) will not be assured a clinical placement space in subsequent courses.

**Readmission Policies**

Any student whose enrollment in the professional program of study has been interrupted may seek readmission following the steps below:

1. **Seek readmission into the University of Arkansas (if applicable).**
2. **Readmission will not be considered for any student dismissed from the School of Nursing who obtained a "D" or "F" in one nursing course and was unable to make a "C" or better upon repeating this course, who fails a second course, or who was dismissed from a course due to safety, ethical, or dishonesty issues.**
3. **Exceptions to this policy will be considered by the Student Affairs Committee in nursing on an individual basis and only in the presence of extenuating circumstance.**

**Exit Policies**

1. **Students must complete the requirements for the degree within five years of enrolling in the first upper-level nursing course. Nursing credits must be reevaluated (and may need to be repeated) if the student does not complete the Professional Program of Study within the five-year limit.**

2. **In addition to the program requirements, students must meet the university and college graduation requirements. This curriculum is subject to change to comply with national accreditation and the Arkansas State Board of Nursing Standards.**

**R.N. to B.S.N. Option**

**Semester Degree Program**

The nature of the R.N. to B.S.N. major excludes it from ACT 1014 eight-semester degree-completion program requirements. The degree is a 120-hour degree in accordance with ACT 747.

Presented below is a typical plan for completing this degree in four semesters; individual student plans may vary.

Students are not required to enroll in courses during the summer, but courses may be offered. Students may be able to finish the program sooner if they enroll in summer courses.

Total Hours 120

1 The General Education Curriculum is designed to measure specific knowledge, skills, and attitudes developed by students at the University of Arkansas. Since the pre-program requirements are most likely completed at other institutions, learning outcomes 1.1, 2.1, 3.1, 3.2, 3.3, and 3.4 will not be measured in this program.

### Program Admission Policies

#### Step One - General Education Requirements

Successfully complete all general education requirements (state minimum core (http://catalog.uark.edu/undergraduatecatalog/gened/stateminimum/) and nursing program prerequisites) and maintain good academic standing.

#### State minimum core and Pre-Program prerequisites (48 hours)

Total Hours 48

Upon completing the above courses, the academic adviser will initiate a review for program admission eligibility in conjunction with the department of nursing (see step two). All program and University core prerequisites must have a C grade or above to be eligible for nursing program admission. Pre-L.P.N. to B.S.N. online students taking general education courses must maintain a GPA that allows them to remain in
good academic standing (minimum of 2.0) with the University of Arkansas to enter the nursing program of study.

**Program Requirements**

**Step Two - Program Admission Requirements**

To be considered for nursing program admission, pre-L.P.N. to B.S.N. students will submit their application packet by the following dates:

- Fall Start - see nursing.uark.edu
- Spring Start - see nursing.uark.edu

Admission packet must include:

1. Eleanor Mann School of Nursing Application.
2. Completion of an accredited/state board approved L.P.N., L.V.N., or L.P.T.N. program. Official transcript required to be on file with the University of Arkansas.
3. Proof and maintenance of an active, unencumbered license to practice as an L.P.N., L.V.N., or L.P.T.N. in Arkansas and/or any other state that has approved of the program. Not all state boards of nursing will accept outside-of-state education. See the program website for current list of the allowed states. Students admitted to the program will be required to maintain this active, unencumbered status for the duration of their enrollment in the program. Nursing program personnel will verify licensure.
4. Employment/nursing experience status of applicant based on the following:
   - Documentation from current and/or recent employer(s) where applicant is hired as an L.P.N. including institution or organization name, address, and supervisor contact information, area or unit of service, position title, and employment status (e.g., full-time, part-time, per diem). Employer verification of 2,000-L.P.N. practice-hours have been completed in the 24 months prior to the beginning of the program (form provided in University application).
   - If the student has not worked 2,000 hours in the last 24 months prior to the beginning of the program, but has worked the required hours previously as a licensed nurse, completion of a state board approved PN-refresher course within 12 months prior to beginning the program is required.
5. TEAS test score of 65% or above, taken within the last two years (information on the nursing website). The two-year period is defined as ending on the first day of the academic term in which the student plans to enter the nursing program of study.

Completed applicant packets received by each deadline will be reviewed, and acceptance into the program will be dependent on quality of the application and space availability.

**Additional Program Information and Requirements**

- Professional nursing courses for L.P.N. to B.S.N. students are delivered online through the University of Arkansas Global Campus. Clinical practicum hours can be completed within the student’s geographic area with a qualified (B.S.N. level or higher) preceptor selected by the student.
- Students must provide proof of all required clinical paperwork requested by the school of nursing, including annual criminal background checks and regular drug screens (the most current clinical requirements can be located in the student handbook).
- Students admitted to the program may request up to 3 credit hours of previously completed B.S.N. level course credit in substitution for a core L.P.N. to B.S.N. program of study course. The nursing faculty evaluate core L.P.N. to B.S.N. course substitution petitions for eligibility. Only courses taken within the last five years will be eligible for review.
- Students who have started an L.P.N. to R.N. or L.P.N. to B.S.N. program at another institution are required to submit a letter from the nursing program director stating eligibility for readmission.

Credit for courses listed below will be held in escrow. The student will receive credit for these courses upon successful completion of the program.

  - NURS 4313  Pathophysiology in Nursing 3
  - NURS 4323  Health Assessment and Clinical Reasoning 3
  - NURS 4503  Introduction to Health Care Policy 3
  - NURS 4542  Critical Care Nursing 2
  - NURS 4552  Critical Care Practicum 2
  - NURS 4701  Professional Nursing Synthesis 1
  - NURS 4843  Scientific Foundation for Professional Nursing Practice 3

Escrow credit (15 hours)

- NURS 2032  Therapeutic and Interprofessional Communication 2
Progression, Withdrawal, and Dismissal for L.P.N. to B.S.N. program (NURSBS-LNBN)

1. For progression in the nursing program, only grades of "C" or above will be accepted. Note that the Eleanor Mann School of Nursing uses the following grading scale and exam policy:
   a. Grading Scale: A = 92-100%  B = 83-91%  C = 75-82%  D = 62-74%  F = below 62%
   b. Exam Policy: A 75% average on class exams is necessary to pass the course. Once this criterion is met, other course grades will be factored into the final grade.

2. Course Failure
   a. If a student earns a "D" or "F" in any course, the course may be repeated once. Students who make less than a "C" may not progress into courses that require it as a prerequisite until the course is repeated and the required minimum grade attained. The course must be passed on the second attempt. If a student earns a D, F, or withdraws from the second attempt, this results in dismissal from the nursing program.
   b. If a student earns a "D" or "F" in a second course, the student will be dismissed from the program and will not be eligible for re-admission.

3. Course Withdrawal
   a. If a student withdraws from a didactic course, the course may be repeated. No more than two withdrawals from the same didactic course will be allowed. If the didactic course is not passed on the third attempt, the student will be dismissed from the program.
   b. If a student withdraws from a practicum course, the course may be repeated once. The course must be passed on the second attempt. If the student does not pass the course within the two allowed attempts, this results in program dismissal.

4. Students who do not pass the Dosage Calculation Exam per handbook policy will be administratively withdrawn from the course. This may lead to a delay in graduation and/or dismissal from the program.

5. Students must maintain an active, unencumbered license to practice nursing. If the student’s license becomes encumbered or inactive at any point in the program’s duration, the student must notify the school of nursing immediately and will be dismissed from the program.

6. For licensed nurses, the school of nursing is mandated to report positive drug screens to the board of nursing. Confirmation of a positive drug screen will result in administrative withdrawal from nursing courses and nursing program dismissal.

7. A positive background check may impede or halt the student’s progression in the program and may impact clinical placement and eligibility for licensure. If a student is arrested during their program of study, the school of nursing should be notified immediately and the student will become ineligible for clinical courses pending the outcome of an investigation and/or judicial process.

8. The school of nursing will comply with the policies, rules, and regulations set by the Arkansas State Board of Nursing and that of the student’s respective State Board of Nursing.

9. Students who do not complete all required compliance documents as specified in the Student and Clinical Handbooks by the due date will not be enrolled into the clinical course and have to defer to the next available semester upon completion of pending compliance requirements.

10. If a student taking a didactic course with an associated practicum in the same semester decides to withdraw from the didactic course, they must also withdraw from the practicum.

11. Students should note that any violation of the Eleanor Mann School of Nursing policies or code of ethics can result in course failure and/or dismissal from the program without prior warnings (see student handbook).
   a. Three performance improvement plans are evidence of a pattern of behavior that contradicts our policies and code of ethics. A student with three performance improvement plans will meet with program administration and will be subject to dismissal.

12. A student dismissed from the school of nursing will be asked to self-withdraw from all courses or will be subject to administrative withdrawal.

Repeating Didactic/Clinical Practicum Courses (NURSBS-LNBN)

1. A student who needs to repeat a course in which they were unsuccessful must make a petition to the Student Affairs Committee in nursing and are encouraged to do so as soon as they are aware of the need to repeat a course. An academic success plan will be implemented upon approval as outlined by this committee.

2. Students that withdraw or are unsuccessful will be reenrolled on a space-available basis according to the following priority system:
   a. First Priority — Continuing students in good academic standing ranked by admission cohort.
   b. Second Priority — Students repeating a course due to withdrawal or failure.

3. Spaces in clinical practicum courses are limited and tightly controlled by accreditation, the State Boards of Nursing, and clinical agency policies. Enrollment in didactic courses are limited to space availability. A student re-enrolling in a clinical practicum course (whether due to illness, course failure, or other reasons) will not be assured a clinical placement space in subsequent courses.

Readmission Policies

Any student whose enrollment in the professional program of study has been interrupted may seek readmission following the steps below:

1. Seek readmission into the University of Arkansas (if applicable).

2. Readmission will not be considered for any student dismissed from the School of Nursing who obtained a "D" or "F" in one nursing course and was unable to make a "C" or better upon repeating this course, who fails a second course, or who was dismissed from a clinical practicum course due to safety, ethical, or dishonesty issues. Exceptions to this policy will be considered by the Student Affairs Committee in nursing on an individual basis and only in the presence of an extenuating circumstance.
Exit Policies

1. Students must complete the requirements for the degree within five years of enrolling in the first upper-level nursing course. Nursing credits must be reevaluated (and may need to be repeated) if the student does not complete the Professional Program of Study within the five-year limit.

2. In addition to the program requirements, students must meet the university and college graduation requirements. This curriculum is subject to change to comply with national accreditation and the Arkansas State Board of Nursing Standards.

L.P.N. to B.S.N. Option (NURSBS-LNBN) Semester Plan

The nature of the L.P.N. to B.S.N. major excludes it from ACT 1014 eight-semester degree-completion program requirements. The degree is a 120 credit hour degree in accordance with ACT 747.

The L.P.N. to B.S.N. major was built for working nurses and intended to be taken at a part time pace. Presented below is a typical plan for completing this degree in five years; individual student plans may vary.

Students are not required to enroll in courses during the summer, but courses may be offered. Students may be able to finish the program sooner if they enroll in summer courses.

Total Units in Sequence: 120

The General Education Curriculum is designed to measure specific knowledge, skills, and attitudes developed by students at the University of Arkansas. Since the pre-program requirements are most likely completed at other institutions, learning outcomes 1.1, 2.1, 3.1, 3.2, 3.3, and 3.4 will not be measured in this program.

Faculty

Ballentine, Hope, D.N.P. (University of Arkansas), M.S.N. (Vanderbilt University), B.A. (Harding University), Teaching Assistant Professor, 2014, 2018.

Bowling, Hilary, D.N.P. (University of Pittsburgh), M.S.N., B.S.N. (University of Arkansas), Clinical Assistant Professor, 2014, 2022.

Bradley, Callie, D.N.P. (University of Utah), Visiting Clinical Assistant Professor, 2020.

Butler, Martha R., Ph.D. (Texas Woman’s University), M.N., B.S.N. (Wichita State University), Assistant Professor, 2008, 2018.
Casida, Jesse, Ph.D. (Seton Hall University), M.S.N. (Columbia University), B.S. (Bicol University, Philippines), Professor, George M. and Boyce W. Billings Endowed Chair in Nursing, 2022.

Dunbar, Diana, M.S.N. (University of Central Arkansas), B.S.N. (University of Central Oklahoma), Clinical Instructor, 2015, 2019.

Emory, DeAnna Jan, Ph.D. (University of Arkansas), M.S., B.S.N. (University of Oklahoma Health Sciences Center), Associate Professor, 2012, 2018.

Franks, Lisa, D.N.P. (University of Missouri-Columbia), M.S.N., B.S.N. (University of Arkansas), Instructor, 2014.

Garrett, B. J., M.S.N. (Angelo State University), Instructor, 2018.

Gilmet, Kelsey, Ph.D. (University of Illinois-Chicago), M.S.N. (University of Minnesota), B.A. (Kalamazoo College), Instructor, 2016.

Hall, David, M.S.N., B.S.N. (University of Arkansas), Instructor, 2020.

Jarrett, Anna Lee, Ph.D., M.S.N. (University of Missouri-Columbia), B.S.N. (Missouri Southern State College), Associate Professor, 2012, 2018.

Johnson, Kelly Vowell, Ed.D. (University of Arkansas), M.N.Sc. (University of Arkansas for Medical Sciences) B.S.N. (Arkansas Tech University), Associate Professor, 2013, 2021.

Kilmer, Michele, D.N.P. (University of Alabama), M.S.N (Texas Tech University), B.S.N. (Harding University), Assistant Professor, 2017, 2018.

Kippenbrock, Thomas A., Ed.D. (Indiana University at Bloomington), M.S. (Indiana University-Purdue University-Indianapolis), B.S.N. (Indiana State University), Professor, 2003.

Lee, Peggy B., Ed.D. (University of Arkansas), M.S. (University of Southern Mississippi), B.S.N. (Mississippi College), Teaching Associate Professor, 2009, 2021.

Lofton, Annelle L., M.S.N. (University of Arkansas), B.S.N. (University of Arkansas), Clinical Instructor, 2013.

Miller, Bettie Gale, M.S.N. (University of Phoenix), M.S., B.S.E., B.S.N. (University of Arkansas), Instructor, 2003.

Murray, Lori M., D.N.P. (University of Kansas Medical Center), M.S., B.S.N. (University of Oklahoma Health Sciences Center), Teaching Assistant Professor, 2015, 2017.

Peterson, Katelyn, M.S.N., B.S.N. (University of Arkansas), Instructor, 2021.

Scott, Allison L., D.N.P. (University of Missouri-Kansas City), M.S.N., B.S.N. (University of Arkansas for Medical Sciences), Associate Professor, 2006, 2021.

Shreve, Marilou D., D.N.P., M.S.N. (University of Missouri-Kansas City), B.S.N. (University of Arkansas), Associate Professor, 2013, 2021.

Thropp, Kathy, M.S.N. (Northeastern Oklahoma State University), B.S.N. (Baylor University), Instructor, 2019.

Zayas, Fernanda, M.S.N. (Lenoir-Rhyne University), Clinical Instructor, 2018.

Courses

NURS 2012. Nursing Informatics. 2 Hours.
This course focuses on how information technology is used in the health care system. The course describes how nursing informatics is currently being used by healthcare professionals and speculates about future applications. Prerequisite: Admission to the NURS-PLRN major. (Typically offered: Fall, Spring and Summer)

NURS 2022. Introduction to Professional Nursing Concepts. 2 Hours.
The course presents an overview of theories, principles and concepts essential to professional nursing practice. It includes ethical and legal implications relevant to health care systems. Focus is on the nursing process as the organizing framework for the delivery of care. It also explores the role of the professional nurse. This is a pre-nursing course. Prerequisite: For pre-nursing and nursing majors only. Must have sophomore standing or above and a GPA of 3.0 or above. (Typically offered: Fall, Spring and Summer)

NURS 2032. Therapeutic and Interprofessional Communication. 2 Hours.
Focuses on intrapersonal and interpersonal strategies necessary for effective nurse-client interactions. Introduces a variety of communication techniques skills including group process and dynamics. This is a pre-nursing course. Prerequisite: Admission to the NURS-PLRN major. (Typically offered: Fall, Spring and Summer)

NURS 3111. Clinical Skills for Professional Nurses. 1 Hour.
Students apply nursing concepts and skills with emphasis on the caregiver role transition and use of the nursing process. Prerequisite: Admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head, and students must have completed all University core and program prerequisites. Pre- or Corequisite: NURS 4323. (Typically offered: Fall and Spring)

NURS 3302. Older Adult Nursing. 2 Hours.
This course builds on previous nursing knowledge by focusing on gerontologic theories, concepts, and principles as they relate to nursing care of older adults. Students explore socio-cultural context of gerontologic nursing, professional standards of practice, common health concerns, and future considerations. Prerequisite: NURS 4323, NURS 4313 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall and Spring)

NURS 3313. Pharmacology in Nursing. 3 Hours.
The use of therapeutic drugs in health care is the focus of the course. Nursing assessment, safety measures and client education related to drug therapy are emphasized. This is a Level I course. Prerequisite: Admission into the BSN professional program. (Typically offered: Fall and Spring)

NURS 3314. Pathophysiology. 4 Hours.
The course focuses on underlying concepts common to pathophysiologic processes across the life span. Factors that contribute to altered physiological functioning and the body’s adaptive and compensatory mechanisms are studied. Emphasizes concepts essential for understanding the rationale for preventive and therapeutic nursing interventions in health and illness. This is a Level I course. Prerequisite: Admission into BSN professional program. (Typically offered: Fall and Spring)

NURS 3321L. Health Assessment Practicum. 1 Hour.
The course focuses on the implementation of concepts and principles of health assessment, preparing students to complete a holistic health assessment of the well person. This is a Level I course. Corequisite: NURS 3342. Prerequisite: BIOL 2443, BIOL 2441L, BIOL 2213, BIOL 2211L, and admission to the BSN professional program. (Typically offered: Fall and Spring)

NURS 3332. Adult Health I for Nurses. 2 Hours.
The course focuses on the experience of acute problems across the health-illness continuum. Students learn to utilize the nursing process through care planning and case studies while focusing on the adult population. Prerequisite: NURS 4313, NURS 3302 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)
NURS 3342. Health Assessment. 2 Hours.
This course focuses on concepts and principles of health assessment in a well person. Health status, environment, physical and psychosocial findings, and medical terminology are emphasized to create a holistic health assessment plan. This is a Level I course. Prerequisite: Admission into the BSN professional program of studies, BIOL 2443, BIOL 2441L, BIOL 2213 and BIOL 2211L. Corequisite: NURS 3321L. (Typically offered: Fall and Spring)

NURS 3402. Nursing Concepts: Older Adult. 2 Hours.
This course focuses on gerontologic theories, concepts, and principles as they relate to nursing care of older adults. Students explore socio-cultural context of gerontologic nursing, professional standards of practice, common health concerns, and future considerations. This is a Level I course. Prerequisite: Admission into the BSN Professional Program of Studies. (Typically offered: Fall and Spring)

Introduction to the nursing process and the scope of basic human needs. The student learns to use nursing diagnoses and care plans in case studies. This is a Level I course. Corequisite: NURS 3424. Prerequisite: Admission to BSN professional program. (Typically offered: Fall and Spring)

NURS 3424. Professional Role Implementation I: Caregiver. 4 Hours.
Students apply basic nursing concepts and skills in laboratory and clinical settings. Emphasis is on the role of nurse as caregiver and use of the nursing process in the delivery of care. This is a Level I course. Pre- or Corequisite: NURS 3422, NURS 3321L, and NURS 3313. Prerequisite: Admission to the BSN program. (Typically offered: Fall and Spring)

Focuses on the adult population experiencing acute problems in the health-illness continuum. Utilizing the nursing process, nursing, and medical treatments of selected conditions that will be emphasized in the acute care setting. This is a Level I course. Corequisite: NURS 3644. Prerequisite: NURS 3313, NURS 3314, NURS 3321L, NURS 3402, and NURS 3422. (Typically offered: Fall and Spring)

NURS 3644. Professional Role Implementation II: Caregiver. 4 Hours.
Emphasizes the role of caregiver in acute care settings. Course expands on assessment and includes advanced clinical skills. Emphasizes the use of clinical judgment to promote optimal health for adults experiencing illness and/or undergoing surgery. This is a Level I course. Pre- or Corequisite: NURS 3634. Prerequisite: NURS 3313, NURS 3314, NURS 3321L, NURS 3402, NURS 3422, and NURS 3424. (Typically offered: Fall and Spring)

NURS 3742. Nursing Concepts: Mental Health and Illness. 2 Hours.
Presents the basic concepts and theories of mental health and illness. Examines various therapeutic modalities in the care of clients experiencing mental health or psychosocial disorders. This is a Level I course. Corequisite: NURS 3752. Prerequisite: NURS 3313, NURS 3314, NURS 3321L, NURS 3402, and NURS 3422. (Typically offered: Fall and Spring)

NURS 3752. Professional Role Implementation III: Caregiver. 2 Hours.
Students work with clients who have mental health problems, observe group process in therapy sessions, and develop interpersonal communication skills. Students apply research-based knowledge in assisting assigned clients to meet mental and other health care needs. The caregiver role is emphasized. This is a Level I course. Pre- or Corequisite: NURS 3742. Prerequisite: NURS 3313, NURS 3314, NURS 3321L, NURS 3402, NURS 3422, and NURS 3424. (Typically offered: Fall and Spring)

NURS 3772. Mental Health Nursing. 2 Hours.
This course presents basic concepts and theories of mental health and illness. Students examine nursing care of clients with various mental health and psychosocial disorders. Therapeutic modalities and their use in a variety of settings are explored. Prerequisite: NURS 4323 and NURS 3111 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 3782. Mental Health Practicum. 2 Hours.
Students will apply the theoretical principles learned in the NURS 3772: Mental Health Nursing to the care of clients with mental health disorders in a variety of settings. Prerequisite: NURS 4323, and NURS 3111 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. Pre- or Corequisite: NURS 3772. (Typically offered: Fall, Spring and Summer)

NURS 3842. Foundations of Scientific Evidence in Nursing Practice. 2 Hours.
Introduction to the use of scientific evidence in nursing through a comparative analysis of selected studies. Theoretical, methodological, and analytical approaches are explored. Students acquire basic competencies in evaluating, interpreting, and applying evidence-based knowledge for use in professional nursing practice. This is a Level I course. (Typically offered: Fall and Spring)

NURS 3842H. Honors Foundations of Scientific Evidence in Nursing Practice. 2 Hours.
Introduction to the use of scientific evidence in nursing through a comparative analysis of selected studies. Theoretical, methodological, and analytical approaches are explored. Students acquire basic competencies in evaluating, interpreting, and applying evidence-based knowledge for use in professional nursing practice. This is a Level I course. (Typically offered: Fall and Spring)
This course is equivalent to NURS 3842.

NURS 4003. Transition to Professional Nursing Practice. 3 Hours.
This course supports educational mobility building on a core of common knowledge and skill from previous nursing education. The course emphasizes a transition to the professional nursing roles and competencies associated with professional nursing practice. Prerequisite: Admission to an online undergraduate BSN professional program, or instructor or departmental consent. (Typically offered: Fall and Spring)

NURS 4013. Informatics for the Professional Nurse. 3 Hours.
This course focuses on how information technology is used in the health care system. The course describes how nursing informatics is currently being used by healthcare professionals, and speculates about future applications. Prerequisite: Admission to an online undergraduate BSN professional program, or instructor or departmental consent. (Typically offered: Fall and Spring)

NURS 4023. Health Promotion Across the Lifespan. 3 Hours.
This course introduces theories and concepts of teaching and learning, health and wellness, and health behavior in the context of health promotion in nursing. The complex relationships that exist among culture, family, community, and health are explored. Students apply evidence-based strategies to assess, implement, and evaluate health promotion interventions for individuals, families, communities, and populations. Prerequisite: NURS 4003, NURS 4013, NURS 4843 and admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 4063. Population and Community Health Nursing. 3 Hours.
This course introduces general principles of population and community health nursing to provide a theoretical base for the care of families, aggregates, communities, and populations. Students apply the concepts of disease prevention and assessment to plan, implement, and evaluate interventions to address diverse health care issues across the lifespan. Prerequisite: NURS 4003, NURS 4843, NURS 4013, (ESRM 2403 or STAT 2303) and admission to an online undergraduate BSN professional program or permission by the instructor or department head and (NURS 3332, NURS 4102, NURS 4124, and NURS 4143 for LNBN students only). (Typically offered: Fall, Spring and Summer)
NURS 4073. Population and Community Health Practicum. 3 Hours.
Practicum basis for applying knowledge from public health and nursing theory. Learners utilize evidence-based strategies for disease prevention and health promotion with individuals, families, and populations in a variety of community health settings. Prerequisite: NURS 4843, NURS 4013, NURS 3332, NURS 4102, NURS 4124, and NURS 4143 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. Pre- or Corequisite: NURS 4063. (Typically offered: Fall, Spring and Summer)

NURS 4092. Professional Role Practicum. 2 Hours.
This clinical practicum provides the licensed nursing student with an opportunity to synthesize and apply knowledge of concepts developed throughout the nursing program. Evidence based practice will guide development of a quality improvement project in an area of student's interest. The course provides an opportunity to collaborate with a mentor/preceptor and reflect professional goals. Requires a total of 75 clinical hours. Prerequisite: NURS 4701 and admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 4102. Adult Health II for Nurses. 2 Hours.
Focuses on the adult population experiencing chronic problems in the health-illness continuum. Utilizing the nursing process, nursing and medical treatment of selected conditions will be emphasized across transitional care settings. Prerequisite: NURS 3332, NURS 3302, NURS 4313, and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 4112. Nursing Concepts: Teaching and Health Promotion. 2 Hours.
The course focuses on teaching/learning and the professional nurse's role in health promotion and disease prevention. A variety of health education and health promotion strategies are presented and evaluated. This is a Level I course. Prerequisite: Admission to the nursing program and completion of NURS 3422 and NURS 3424. (Typically offered: Fall and Spring)

NURS 4124. Child and Family Nursing. 4 Hours.
Students explore theory and evidence-based knowledge regarding holistic nursing care of children and families. Principles of health promotion and health education are utilized throughout the course. Prerequisite: NURS 4313, NURS 3111, and NURS 4323 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall and Spring)

NURS 4143. Child and Family Practicum. 3 Hours.
Clinical practicum experience for application of evidence-based knowledge and skills in the nursing care of children and families. Pre- or Corequisite: NURS 4124. Prerequisite: NURS 3111, NURS 4323, NURS 4313, and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall and Spring)

NURS 4154. Nursing Concepts: Children and Family. 4 Hours.
This course provides theory and research-based knowledge regarding holistic nursing care of children and families. Principles of health promotion and health education for expanding families are integral to this course. This is a Level II course. Corequisite: NURS 4164. Pre- or Corequisite: NURS 4112. (Typically offered: Fall and Spring)

NURS 4164. Professional Role Implementation IV: Teacher. 4 Hours.
Clinical and laboratory experience for application of research-based knowledge and skills in the nursing care of children and families. Emphasis is on teaching role of the nurse. This is a Level II course. Pre- or Corequisite: NURS 4154. Prerequisite: Completion of Level I courses. (Typically offered: Fall and Spring)

NURS 4203. Leadership for Professional Nurses. 3 Hours.
This course introduces theories and principles of management and leadership and the professional nurse's role within the health care system. Social issues, economic policy, and regulatory requirements are used to explore healthcare delivery systems and access, quality improvement, and patient safety. This course includes strategies for monitoring delivery of care, outcomes, and evaluating program effectiveness. Prerequisite: NURS 3111, NURS 3772, NURS 3782, NURS 4003, NURS 4323 and admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 4212. Leadership Practicum. 2 Hours.
Introduces leadership and the professional nurse's roles in the health care system. Considers the perspectives of management, organization, and change theory. Includes strategies for monitoring delivery of care, outcomes and evaluating program effectiveness. This is a Level II course. (Typically offered: Fall and Spring)

NURS 4242. Leadership in Nursing. 2 Hours.
Focuses on the adult population experiencing chronic problems in the health-illness continuum. Utilizing the nursing process, nursing and medical treatment of selected conditions will be emphasized across transitional care settings. This is a Level II course. Prerequisite: Level I courses. (Typically offered: Fall and Spring)

NURS 4323. Health Assessment and Clinical Reasoning. 3 Hours.
This 3-credit theory course focuses on increasing knowledge of health assessment skills. Emphasis is placed on strengthening clinical reasoning skills through identifying normal findings, interpreting abnormal findings, and applying principles of evidence-based practice to the health assessment process. The role of documentation of assessment findings to third-party reimbursement is also explored. Prerequisite: Admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)
NURS 4442. Nursing Concepts: Critical Care. 2 Hours.
Focuses on the adult population experiencing multiple or critical illnesses or conditions necessitating admission to a critical care unit. The course emphasizes both nursing and medical treatment of selected conditions. This is a Level II course. Corequisite: NURS 4452. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, and NURS 4262. (Typically offered: Fall and Spring)

NURS 4452. Professional Role Implementation VI: Role Synthesis. 2 Hours.
Clinical learning is focused on further developing and refining the knowledge, skills, and attitudes necessary to manage the care of an acutely ill or complex patient and/ or family within the context of an inter-professional team. This is a Level II course. Prerequisite or Corequisite: NURS 4442. Prerequisite: Completion of Level I and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, and NURS 4262. (Typically offered: Fall and Spring)

NURS 4503. Introduction to Health Care Policy. 3 Hours.
This course provides an overview of health care policy orienting students to the political and social processes impacting the current health care environment. The course provides a basic framework for understanding the role of nursing in advocacy, leadership, economics and ethics associated with influencing health care policy. Recognizing the financing of health care and the impact on quality through policy changes will be discussed. Prerequisite: Admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 4542. Critical Care Nursing. 2 Hours.
Focuses on the adult population experiencing multiple or critical illnesses or conditions necessitating admission to a critical care unit. The course emphasizes both nursing and medical treatment of selected conditions. Prerequisite: NURS 3111, NURS 3332, NURS 4102, NURS 4232, NURS 4124, NURS 4143, NURS 3302, NURS 4513, and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. (Typically offered: Fall, Spring and Summer)

NURS 4552. Critical Care Practicum. 2 Hours.
Clinical learning is focused on further developing and refining the knowledge, skills, and attitudes necessary to manage the care of an acutely ill or complex patient and/ or family within the context of an inter-professional team. Prerequisite: NURS 3111, NURS 3332, NURS 4102, NURS 4232, NURS 4124, NURS 4143, NURS 3302, and NURS 4313 and admission to the Online Undergraduate BSN Professional Program or permission by the instructor or department head. Pre- or Corequisite: NURS 4542. (Typically offered: Fall, Spring and Summer)

NURS 4603. Nursing Concepts: Community. 3 Hours.
The course focuses on theories and concepts in community health nursing. Health resources are explored in a variety of settings. This is a Level II course. Corequisite: NURS 4613. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, and NURS 4262. (Typically offered: Fall, Spring and Summer)

NURS 4603H. Honors Nursing Concepts: Community. 3 Hours.
The course focuses on theories and concepts in community health nursing. Health resources are explored in a variety of settings. This is a Level II course. Corequisite: NURS 4613. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, and NURS 4262. (Typically offered: Fall, Spring and Summer)

This course is equivalent to NURS 4603.

NURS 4613. Professional Role Implementation VII: Role Synthesis. 3 Hours.
Application of community health concepts and the nursing process to promote community health and to restore health in a variety of settings. This is a Level II course. Pre- or Corequisite: NURS 4603. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, NURS 4262. (Typically offered: Fall and Spring)

NURS 4701. Professional Nursing Synthesis. 1 Hour.
The course emphasizes reflection, integration, and synthesis of concepts from previous courses. Course enrollment occurs in the last semester of the program. Prerequisite: Admission to an online undergraduate BSN professional program or permission by the instructor or department head, and all university core and program prerequisites. (Typically offered: Fall, Spring and Summer)

NURS 4712. Seminar in Nursing. 2 Hours.
Focuses on integrating the nursing caregiver, teacher and manager roles. Prepares students to analyze practice issues, trends and future demands. Explores the roles of baccalaureate prepared professional nurses and facilitates students to incorporate those roles as they enter professional practice. Must be taken in the final semester of the Professional Program of Study. This is a Level II course. Corequisite: NURS 4722. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, and NURS 4262. (Typically offered: Fall and Spring)

NURS 4722. Professional Role Implementation VIII: Role Synthesis. 2 Hours.
Clinical immersion experience that approximates the role of a beginning BSN nurse generalist. Corequisite: NURS 4712. Prerequisite: Completion of Level I courses and NURS 4112, NURS 4154, NURS 4164, NURS 4242, NURS 4252, NURS 4262. (Typically offered: Fall and Spring)

NURS 481V. Special Topics in Nursing. 1-6 Hour.
This course is the study of a special topic(s) in nursing. Content varies. (Typically offered: Irregular) May be repeated for up to 6 hours of degree credit.

NURS 4843. Scientific Foundation for Professional Nursing Practice. 3 Hours.
This course introduces the research process through a comparative analysis of selected studies exemplifying various theoretical, methodological, and analytical approaches. Students acquire the basic competencies to critically read, evaluate and interpret nursing research studies for use in professional nursing practice. Prerequisite: Admission to an online undergraduate BSN professional program or permission by the instructor or department head. (Typically offered: Fall and Spring)

NURS 481V. Independent Study in Nursing. 1-6 Hour.
A selected learning experience in nursing to enhance knowledge and/or practice of the profession. Objectives and experiences are designed on an individual basis with a faculty adviser. May be taken with any 3500-level nursing course or above. (Typically offered: Fall, Spring and Summer)

NURS 481VH. Honors Independent Study in Nursing. 1-6 Hour.
A selected learning experience in nursing to enhance knowledge and/or practice of the profession. Objectives and experiences are designed on an individual basis with a faculty adviser. May be taken with any 3500-level nursing course or above. (Typically offered: Irregular)

This course is equivalent to NURS 491V.

NURS 498VH. Nursing Honors Thesis/Project. 1-3 Hour.
Designed to provide facilitation of the Honors Thesis/Project. Students and faculty work "one-on-one to complete the honors thesis/project. Prerequisite: Honors candidacy, Nursing Bachelor of Science (NURSBS) major, and NURS 3901H or NURS 3842H. (Typically offered: Fall, Spring and Summer) May be repeated for up to 3 hours of degree credit.
