General Business is the broadest major in Walton College. It is offered by the Department of Management, which also offers a major in management (http://catalog.uark.edu/undergraduatecatalog/collegesandschools/sammwaltoncollegeofbusiness/managementmgmt). This online program provides the student exposure to all facets of the business process. Maximum flexibility is retained by the student. At the same time, careful use of general and junior/senior business electives allows the student to concentrate additional coursework in one or more selected functional areas.

The Walton College Online Bachelor of Science in Business Administration degree is intended to provide students the opportunity to enroll in a four-year degree program online. In addition, the online degree affords students who have completed an Associate’s Degree in Business or those who are near completion of their business degree, the option to complete a B.S.B.A. with a major in General Business.
